August 2021

Dear Curie Families,

Welcome to the 2021-2022 school year!

On behalf of the Curie PTA, I hope that you and your family had an enjoyable summer and are remaining healthy and safe. We care about our Curie kids and will continue in our mission to support and value them in their growth and development.

This year, our PTA programs, events, and activities will comply with health and safety guidelines to maximize support for our kids and teachers. Together, we can ensure academic excellence!

Our Welcome Packet has important forms and information for your reference and use this year. Through this information, you will learn more about the school, the PTA, and how to be connected with us all year around.

One way to stay connected is to join the PTA! The Curie PTA strives to make this school the best place for all the students. As a member, you are part of a great organization that funds many of the cool things you see around our campus. Your membership enhances your child's experiences at our school, and we want to hear from you! When you join the PTA, you can participate on your terms; there is no obligation to attend meetings or volunteer. Studies show that parental engagement with a child's education and school experience leads to academic success. We encourage you to share your ideas, concerns and experiences by putting your skills, hobbies, and interests to work!

Please check the PTA website (curiepta.org) for recent news, updated information, PTA meeting dates/times, and other useful info. Also, don't hesitate to contact me with any questions or comments you may have.

We are excited to have you at Curie Elementary. We are stronger together!

Sincerely,

Sara Wheeland, President, Marie Curie PTA
